

Respiratory Etiquette and Hand Hygiene Policy

Updated: 08/24/2022

Policy

Respiratory etiquette should be practised and encouraged by all event attendees.

- When not wearing a mask (e.g., while eating/drinking), and even when wearing a mask, if an attendee needs to cough or sneeze, they should do so into a tissue or the bend of the arm, not their hand
- When tissues are used they should be disposed of as soon as possible in a plastic lined waste container and hand hygiene performed immediately afterwards.
- All attendees should refrain from singing. Please use alternate ways to celebrate like clapping, dancing, finger-snapping, etc.
- Event audio levels will be lowered to facilitate easier communication without the need for yelling and shouting

[Hand hygiene](#) should be practised and encouraged by all event attendees.

- All attendees should wash their hands frequently (for example, before, and after check-in, touching garbage, using the restroom) with soap and water for at least 20 seconds.
- All attendees should use hand sanitizer, available at hand sanitizing stations throughout the event, including before and after game play or practice field use or any other time that soap and water are not readily available.
